Dear Junji

1. Apologies for the delay in replying.

In fact I had sent you a quick reply from my mobile which ,it seems ,was never delivered.

2. Deepak and I have been talking to each other ever since we received your mail. regarding hosting of the next World Congress in Odisha / India.as proposed by Achyuta Samanta

We agree to organize the World Congress with the following terms.

3. Deepak and I shall be involved in our Individual capacities as Co-Organizers , as we will not be affiliated with either Sambalpur University or with Utkal University at the time of World Congress(.2022)

4. However both of us have talked to the concerned Anthropology Departments of both the Universities and the Respective Chairpersons have agreed to the proposal....It also has the approval of the staff councils of both the Departments.

5. Indian Anthropological Association will also be one of the supporting Organizations/collaborators . The consent of Executive Council of IAA has been taken . You would be happy to know that Deepak is likely to take up the responsibility of one of the Vice Presidents , Indian Anthropological Association soon.

5.The proposed World Congress will take place in KIITS / KISS under the patronage of Achyuta Samanta , who will take care of the administrative and Financial logistics including hospitality.

6.However, the Academic Sessions , Publication and Global outreach Initiatives will be jointly taken up by both of us (Deepak and Soumendra)

8. Deepak is Proposing my name for the position of one of the Ex-Officio Vice-Presidents of IUAES (2018-22) .I am ccing the mail to Deepak as well.

9. As the Chief Patron , Achyuta Samanta will nominate a Faculty from KISS to be the Local Organizing Secretary. Deepak will suggest names of two faculty members from remaining two Universities. Soumendra will nominate one from Indian Anthropological Association.

10. If agreed upon , a formal notification be made covering all the above suggestions.

We are confident that with our joint effort Deepak and I will be able to make the next world congress 2022 a great success with the help of the intellectual and social capital that we share in India and abroad..

Right now Deepak is with me and conveying you his sincere wishes.

Looking forward to hearing from you

Best Regards

Soumendra
