ABOUT AMITY UNIVERSITY

Amity University is a highly research-focused, innovation-driven and interdisciplinary University with over 35,000 full-time students at its main campus in Noida (Delhi NCR). The focus on quality has led the University to be ranked #22 among all Indian Universities in NIRF 2022, the #1 Private University since the last nine years by India Today and amongst the top 3% Universities globally by QS and Times Higher Education. Amity is also the only University in India to have US regional accreditation (by WASC) and be QAA (UK) accredited. It is part of the Amity Education Group with over 1,75,000 students across campuses in 12 countries.

ABOUT CENTRE FOR ANTHROPOLOGY

The Center for Anthropology is committed to educating and engaging in research on the wide range of cultures present in the world today. Its goal is to promote awareness about both cultural and biological diversity and emphasize the importance of this knowledge in people's lives. To ensure that students stay abreast of the latest advancements in Applied Anthropology, the center prioritizes offering comprehensive training in various aspects of human existence.

Centre for Anthropology
Amity University Uttar Pradesh

In Collaboration with

United India Anthropology Forum

Organizes

WORLD ANTHROPOLOGY PRE-CONGRESS 2023 INTERNATIONAL SEMINAR

on

“ANTHROPOLOGY, HEALTH, AND DISEASE: ELIMINATING DISPARITIES”

4th August' 2023

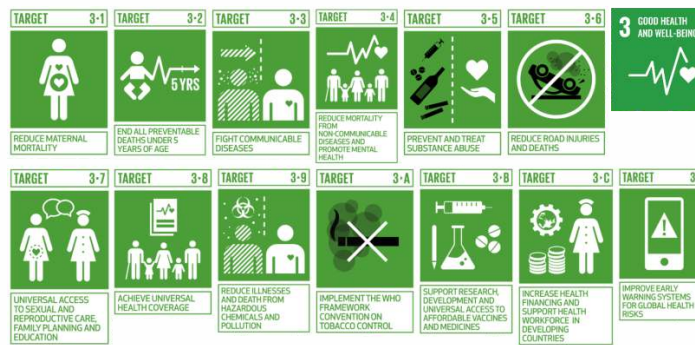

**Venue: Amity University Uttar Pradesh
Sector-125, Noida, UP**

THEME

The international seminar on the theme “**Anthropology, Health, and Disease: Eliminating Disparities**” aspires to provide a platform for Indian researchers and institutions to showcase their work, share findings, and engage in collaborative research projects with international experts. This will help strengthen the research capacities of Indian institutions and contribute to the generation of scientific evidence in the field of anthropology and health. The seminar will facilitate the integration of various scientific disciplines such as anthropology, medicine, epidemiology, and public health by bringing together experts from diverse fields to promote cross-disciplinary dialogue to address health disparities.

OBJECTIVES OF THE SEMINAR

- To bring together leading academicians, scientists, researchers, and research scholars to exchange and share their experiences and research outcomes on all aspects of Anthropology, Diseases and Disparities.
- To scientifically analyze the paradigm shift and challenges of Anthropology, Disease and Health.
- Scientific debates and discussion on the recent research findings and challenges.
- To provide opportunity to build networks with other academicians and experts in the field of Anthropology across the world and to share thoughts on recent advances and breakthroughs.
- To bring people together who share a common discipline and interest from different parts of the world, bringing different forms of ideas which will help to build SDG-3 to ensure healthy lives and promote well being for all at all ages.

Some of the Major Sub-themes are:

- Global Health: Anthropological Perspective
- Critical Perspectives on Culture, Health, and Disease
- Emerging Technologies: Health in the Digital Age
- Anthropology and Public Health Epidemiology
- Anthropology and Indigenous Health
- Molecular Anthropology: Current perspective and Approaches

SPEAKERS

Renowned scholars and scientists from various Universities and Research Institutes of India and abroad such as Council of Scientific and Industrial Research, University of Delhi, Punjab University, United India Anthropology Forum, Kalinga Institute of Social Sciences, Utkal University, Sambalpur University, The INCLIN Trust, Sweden University, Comilla University, Bangladesh. University of Washington Seattle, USA etc.

WHO SHOULD ATTEND

- Renowned scholars from various National and International Institutions.
- Teachers from different Universities and Colleges involved in biological and Social Science research
- Government/NGO Officials of different Institutes dealing with mankind such as medicine, culture etc;
- Research Scholars attached to various branches of Anthropology and other allied sciences.

BRIEF PROGRAMME SCHEDULE
